MUNICIPAL REGISTER
FOR 1940.

SEAL OF THE CITY
OF
BOSTON.

THE CITY SEAL

As it appeared prior to 1827.

The City Seal was adopted by "An Ordinance to Establish the City Seal," passed January 2, 1823, which provides "That the design hereto annexed, as sketched by John R. Penniman, giving a view of the City, be the device of the City Seal; that the motto be as follows, to wit: 'Sicut patribus sit Deus nobis'; and that the inscription be as follows:—'Bostonia condita, A.D. 1630. Civitatis regimine donata, A.D. 1822.'" The motto is taken from 1 Kings, viii, 57: "God be with us as He was with our fathers."

The seal as it first appeared is shown above.

The seal as it was afterwards changed, and has ever since continued to be used, was first shown on page 221 of the volume of laws and ordinances, commonly known as the "First Revision," published in 1827, and is established as the City Seal at the present time by Revised Ordinances of 1914, Chapter 1, Section 5, which provides that "The seal of the City shall be circular in form; shall bear a view of the City; the motto 'SICUT PATRIBUS SIT DEUS NOBIS,' and the inscription, 'BOSTONIA CONDITA, A.D. 1630. CIVITATIS REGIMINE DONATA A.D. 1822,' as herewith shown."

The seal as changed in 1827 is shown on the opposite page.

ORIGIN AND GROWTH OF BOSTON.

THE Royal Patent incorporating the Governor and Company of Massachusetts Bay in New England passed the seals March * 4, 1628-29. At a General Court, or Meeting of the Company, on August * 29 of that year it was voted "that the Government and patent should be settled in New England." To that end Governor Winthrop led the Puritan Exodus in 1630. Soon after his arrival at Salem on June * 12, 1630, he proceeded with a large following to Charlestown, where a plantation had been established the summer before. The Assistants held three Courts at Charlestown in the interval, August * 23 to September * 28, inclusive. At their meeting on September * 7, they "ordered that Trimountaine shall be called Boston; Mattapan, Dorchester; and the towne upon Charles River, Waterton." Thus Shawmut of the Indians was named Boston, probably out of gratitude to the Merchants of Boston in Lincolnshire, who had subscribed generously to the stock of the Company.

In the latter part of August, Governor Winthrop with the patent chose Boston as his abiding place. The first "Court" held in Boston was a "General Court" on October * 19, "for establishing of the government." On October * 3, 1632, Boston was formally declared to be "the fittest place for publike meetings of any place in the Bay."

Boston was the first town in Massachusetts to become a city. It was incorporated February 23, 1822, by St. 1821, c. 110, adopted by the voters March 4, 1822. This act was revised by St. 1854, c. 448; amended by St. 1885, c. 266 and again by St. 1909, c. 486.

The neck of land called Boston, still called Boston Proper, contained perhaps 700 acres of land, judging from the 783 acres shown by the official survey of 1794. (In the interval 1630-37, Boston acquired jurisdiction over most of the territory now included in Chelsea, Winthrop, Revere, East Boston, Brookline, Quincy, Braintree, Randolph and Holbrook, besides certain islands in the harbor.) From 1637 till May 13, 1640,

when "Mount Woollaston" was set off as Braintree, Boston exercised jurisdiction over a territory of at least 40,000 acres. Within its present limits there are 30,598 acres, including flats and water.

Since 1640, grants of land have been made to Boston by the General Court as follows: (1) October * 16, 1660, 1,000 acres "for the use of a free schoole, layd out in the wilderness or North of the Merimake River" (in Haverhill), in 1664. (2) June * 27, 1735, in abatement of Province Tax, three townships, each six miles square, or 69,120 acres in all. These townships later became the Towns of Charlemont, Colrain, and Pittsfield. Boston sold its interest in them on June * 30, 1737, for £3,660. (3) June 26, 1794, a township of land in Maine (23,040 acres) "to build a public hospital." This tract was sold by the City April 6, 1833, for \$4,200.

Muddy River was set off as the Town of Brookline on November * 13, 1705, and Rumney Marsh was set off as the Town of Chelsea January * 8, 1739.

The principal annexations of territory included within the present limits of the City of Boston have been made as follows:

(1) Noddle's Island, by order of Court of Assistants, March * 9, 1636-37. (2) South Boston set off from Dorchester March 6, 1804, by St. 1803, c. 111. (3) Washington Village set off from Dorchester May 21, 1855, by St. 1855, c. 468. (4) Roxbury January 6, 1868, by St. 1867, c. 359, accepted September 9, 1867. Roxbury received its name by order of the Court of Assistants October * 8, 1630. It was incorporated as a city March 12, 1846, by St. 1846, c. 95, accepted March 25, 1846. (5) Dorchester January 3, 1870, by St. 1869, c. 349, accepted June 22, 1869. It received its name September * 7, 1630, by order of the Court of Assistants. (6) Brighton January 5, 1874, by St. 1873, c. 303, accepted October 7, 1873. Set off from Cambridge as the Town of Brighton February 24, 1807, by St. 1806, c. 65. (7) Charlestown January 5, 1874, by St. 1873, c. 286, accepted October 7, 1873. Settled July * 4, 1629. It was incorporated a City February 22, 1847, by St. 1847, c. 29, accepted March 10, 1847. (8) West Roxbury January 5, 1874, by St. 1873, c. 314, accepted October 7, 1873. It was set off from Roxbury and incorporated a Town May 24, 1851, by St. 1851, c. 250. (9) Hyde Park January 1, 1912, by St. 1911, c. 469, and 583, accepted November 7, 1911. Incorporated a Town April 22, 1868.

INTRODUCTION.

As a public document THE MUNICIPAL REGISTER is as old as the City of Boston itself, the first volume having been published in 1821, a year before the government of Boston changed from Town to City. Up to 1840 the title of the volume was: The Rules and Orders of the Common Council. From 1821 to 1829 the document contained merely a register of the City Council and a list of the officers.

In 1829 the City Charter was published as a part of the volume, and in 1830 the Acts relating to Boston, also the ordinances, were added. In 1832 the size of the volume was increased by the addition of an index to the contents. The volume published in 1822 contained fifteen pages and for the year 1840 there were eighty-eight pages, including three pages of index.

The title THE MUNICIPAL REGISTER was adopted in 1841 when the publication became more ambitious, incorporating in its pages the Rules and Orders of the Common Council, joint rules, ordinances of the City, statutes of the Commonwealth relating to the City, a list of the public schools, the City Government of 1841, the committees and departments (consisting at that time of the treasury, law, police, health, public land and buildings, lamps and bridges, fire, and public charitable institutions), and a list of the ward officers.

From 1842 to 1864 it also contained a list of the members of preceding City Governments, a necrological record of those members, the latest ordinances and the special statutes relating to the City. In 1851 a list of the annual orators was added, and in 1853 a map of

the City and the Rules of the Board of Aldermen. In 1876, statistics of registration and voting were included, carried from 1879 to 1924 in tabulated form.

From 1889 to 1896, inclusive, THE MUNICIPAL REGISTER also contained a compilation of the Charter with the revision of 1854 and the amendments of 1885 and thereafter. The Amended Charter of 1909 (15 pages) was added in 1910, and the various changes since that year have been indicated by footnotes.

In 1924 the important amendments to the Charter enacted in that year (10 pages) were included.

The 1925 volume contained, as the latest addition, descriptions of the ward boundaries as fixed for the 22 new wards (formerly 26) in December, 1924.

Since 1925, the Register has been gradually reduced to its present size; primarily, because of the issuance of the Boston Year Book, a more ambitious publication, in 1925 and 1926, and secondly for the purpose of economy.

CITY CHARTER OF 1909 (ACTS OF 1909,
CHAPTER 486) WITH AMENDMENTS TO
SEPTEMBER 1, 1940, INCORPORATED.

THE MAYOR AND CITY COUNCIL.

SECTION 1.* (*The terms of office of the mayor and the members of both branches of the present city council of the city of Boston and of the street commissioner whose term would expire on the first Monday of January, nineteen hundred and ten, are hereby extended to ten o'clock a. m. on the first Monday of February, nineteen hundred and ten, and at that time the said city council and both branches thereof and the positions of city messenger, clerk of the common council, clerk of committees, assistant clerk of committees, and their subordinates shall be abolished. The officials whose terms of office are hereby extended shall, for the extended term, receive a compensation equal to one-twelfth of the annual salaries now paid to them respectively.*) The mayor and city council elected in accordance with the provisions of this act, and their successors, shall thereafter have all the powers and privileges conferred, and be subject to all the duties and obligations imposed by law upon the city council or the board of aldermen, acting as such or as county commissioners or in any capacity, except as herein otherwise provided. Wherever in this act the phrase "mayor and city council" appears, it shall be understood as meaning the mayor and city council acting on and after the first Monday of February, nineteen hundred and ten, under the provisions of this and the three following sections. The city council may, subject to the approval of the mayor, from time to time establish such offices, other than that of city clerk, as it may deem necessary for the conduct of its affairs and at such salaries as it may determine, and abolish such officers or alter such salaries; and without such approval may fill the offices thus established and remove the incumbents at pleasure.

SECTION 1. (*Chap. 479, Acts of 1924.*) The terms of office of the mayor of the city of Boston, of members of the city council and school committee of said city which would expire under existing law on the first Monday of February, nineteen hundred and twenty-six and of members of the city council and school committee of said city which would expire under existing law on the first Monday of February, nineteen hundred and twenty-seven, shall terminate at ten o'clock in the forenoon on the first Monday of January, nineteen hundred and twenty-six. There shall be no municipal election in said city in the year nineteen hundred and twenty-four, and the terms of office of members of the city council and school

committee of said city which would expire under existing law on the first Monday of February, nineteen hundred and twenty-five, are hereby extended to ten o'clock in the forenoon on the first Monday of January, nineteen hundred and twenty-six. The salary of any official whose term of office is terminated as aforesaid shall cease at the time of such termination and the salary of any official whose term of office is extended as aforesaid shall continue at the same rate as theretofore so long as he continues to serve during the period of such extension.

SECT. 2.* The mayor from time to time may make to the city council in the form of an ordinance or loan order filed with the city clerk such recommendations other than for school purposes as he may deem to be for the welfare of the city. The city council shall consider each ordinance or loan order presented by the mayor and shall either adopt or reject the same within sixty days after the date when it is filed as aforesaid. If the said ordinance or loan order is not rejected within said sixty days it shall be in force as if adopted by the city council unless previously withdrawn by the mayor. Nothing herein shall prevent the mayor from again presenting an ordinance or loan order which has been rejected or withdrawn. The city council may originate an ordinance or loan order and may reduce or reject any item in any loan and, subject to the approval of the mayor, may amend an ordinance. All sales of land other than school lands, all appropriations for the purchase of land other than for school purposes, and all loans voted by the city council shall require a vote of two thirds of all the members of the city council; and shall be passed only after two separate readings and by two separate votes, the second of said readings and votes to be had not less than fourteen days after the first, except that in the case of loan orders for temporary loans in anticipation of taxes the second of said readings and votes may be had not less than twenty-four hours after the first. No amendment increasing the amount of land to be sold or the amount to be paid for the purchase of land, or the amount of loans, or altering the disposition of purchase money or of the proceeds of loans shall be made at the time of the second reading and vote. If a petition signed by six members of the council requesting that action be taken forthwith upon a loan order presented by the mayor is filed in the office of the city clerk not earlier than fourteen days after its presentation, action shall be taken by the yeas and nays on the question of the adoption of such loan order at the next meeting of the council, or, if one vote has already been taken thereon, at the next meeting after the expiration of the required interval after such vote; provided, that such action thereon has not sooner been taken or such loan order has not been withdrawn by the mayor.

SECT. 3.† All appropriations, other than for school purposes, to be met from taxes, revenue, or any source other than loans shall originate

* Sect. 2 as amended by Chap. 113, Acts of 1933, and Chap. 220, Acts of 1934.

with the mayor, who within thirty days after the beginning of the fiscal year shall submit to the city council the annual budget of the current expenses of the city and county, and may submit thereafter supplementary budgets until such time as the tax rate for the year shall have been fixed. The city council may reduce or reject any item, but without the approval of the mayor shall not increase any item in, nor the total of a budget, nor add any item thereto, nor shall it originate a budget. It shall be the duty of the city and county officials, when requested by the mayor, to submit forthwith in such detail as he may require estimates for the next fiscal year of the expenditures of the department or office under their charge, which estimates shall be transmitted to the city council.

The city auditor may, with the approval in each instance of the mayor, at any time make transfers from the appropriation for current expenses of one division of a department to the appropriation for current expenses of any other division of the same department, and from the reserve fund to any appropriation for the current expenses of a department; and may also, with the approval of the mayor, at any time between November fifteenth and January first, make transfers from any appropriation to any other appropriation; *provided, however*, that no money raised by loan shall be transferred to any appropriation from income or taxes. He may also with such approval apply any of the income and taxes not disposed of in closing the accounts for the financial year in such manner as he may determine.

SECT. 4. Every appropriation, ordinance, order, resolution and vote of the city council, except votes relating to its own internal affairs, shall be presented to the mayor, who shall make or cause to be made a written record of the time and place of presentation, and it shall be in force if he approves the same within fifteen days after it shall have been presented to him, or if the same is not returned by him with his objections thereto in writing within said period of fifteen days. If within said period said appropriation, ordinance, order, resolution, or vote is returned by the mayor to the city council by filing the same with the city clerk with his objections thereto the same shall be void. If the same involves the expenditure of money, the mayor may approve some of the items in whole or in part and disapprove other of the items in whole or in part; and such items or parts of items as he approves shall be in force, and such items or parts of items as he disapproves shall be void.

SECT. 4A. * The mayor may designate one clerical assistant for whose acts he shall be responsible to sign his name in approval of all vouchers of less than five hundred dollars each.

SECT. 5. † Except as otherwise provided in this act the organization, powers and duties of the executive departments of the city shall remain as constituted at the time when this section takes effect; but the mayor and city council at any time may by ordinance reorganize, consolidate or

† Sect. 5 amended by Chap. 222, Sp. Acts of 1918; Chap. 389, Acts of 1928; Chap. 227, Acts of 1934; Chap. 152, Acts of 1936.

abolish, in whole or in part, departments whether created on or before or subsequent to the first Monday of February in the year nineteen hundred and ten, including the transit department; transfer the duties, powers and appropriations of one department to another in whole or in part; and establish new departments; and may increase, reduce, establish or abolish salaries of heads of departments, or members of boards. Such an ordinance may provide that all of the employees of any department or division thereof thereby abolished who are subject to civil service shall be reappointed to similar positions with similar status in any new department or division thereof thereby established or in any other department or division thereof, without civil service examination or registration and that such employees shall, upon reappointment as may be provided in such ordinance, retain all rights to retirement with pension that shall have accrued or would thereafter accrue to them, and that their services shall be deemed to have been continuous, to the same extent as if such abolition had not taken place. Nothing in this act shall authorize the abolition or the taking away of any of the powers or duties as established by law of the school committee, the board of commissioners of school buildings, the department of school buildings, the election department or any department in charge of an official or officials appointed by the governor.

SECT. 6. No contract for lighting the public streets, parks, or alleys, or for the collection, removal, or disposal of refuse, extending over a period of more than one year from the date thereof, shall be valid without the approval of the mayor and the city council after a public hearing, held by the city council, of which at least seven days' notice shall have been given in the *City Record*.

SECT. 7. The city council at any time may request from the mayor specific information on any municipal matter within its jurisdiction, and may request his presence to answer written questions relating thereto at a meeting to be held not earlier than one week from the date of the receipt of said questions, in which case the mayor shall personally, or through a head of a department or a member of a board, attend such meeting and publicly answer all such questions. The person so attending shall not be obliged to answer questions relating to any other matter. The mayor at any time may attend and address the city council in person or through the head of a department, or a member of a board, upon such subject as he may desire.

SECT. 8. Neither the city council, nor any member or committee, officer, or employee thereof shall, except as otherwise provided in this act, directly or indirectly on behalf of the city or of the county of Suffolk take part in the employment of labor, the making of contracts, the purchase of materials, supplies or real estate; nor in the construction, alteration, or repair of any public works, buildings, or other property; nor in the care, custody, and management of the same; nor in the conduct of the executive or administrative business of the city or county; nor in the appointment or removal of any municipal or county employee; nor in the expenditure of public money except such as may be necessary for the contingent and incidental

expenses of the city council. The provisions of this section shall not affect the powers or duties of the city council as the successor of the present board of aldermen relative to state or military aid and soldiers' relief.

It shall be unlawful for the mayor or for a member of the city council or for any officer or employee of the city or of the county of Suffolk or for a member of the finance commission directly or indirectly to make a contract with the city or with the county of Suffolk, or to receive any commission, discount, bonus, gift, contribution or reward from or any share in the profits of any person or corporation making or performing such contract, unless such mayor, member of the city council, officer, or employee or member of the finance commission immediately upon learning of the existence of such contract or that such contract is proposed, shall notify in writing the mayor, city council, and finance commission of such contract and of the nature of his interest in such contract and shall abstain from doing any official act on behalf of the city in reference thereto. In case of such interest on the part of an officer whose duty it is to make such contract on behalf of the city the contract may be made by any other officer of the city duly authorized thereto by the mayor, or if the mayor has such interest by the city clerk: *provided, however*, that when a contractor with the city or county is a corporation or voluntary association, the ownership of less than five per cent of the stock or shares actually issued shall not be considered as being an interest in the contract within the meaning of this act, and such ownership shall not affect the validity of the contract, unless the owner of such stock or shares is also an officer or agent of the corporation or association, or solicits or takes part in the making of the contract.

A violation of any provision of this section shall render the contract in respect to which such violation occurs voidable at the option of the city or county. Any person violating the provisions of this section shall be punished by a fine of not more than one thousand dollars, or by imprisonment for not more than one year, or both. Chapter five hundred and twenty-two of the acts of the year nineteen hundred and eight is hereby repealed.

THE EXECUTIVE DEPARTMENT.

SECT. 9. All heads of departments and members of municipal boards, including the board of street commissioners, as their present terms of office expire (but excluding the school committee and those officials by law appointed by the governor), shall be appointed by the mayor without confirmation by the city council. They shall be recognized experts in such work as may devolve upon the incumbents of said offices, or persons specially fitted by education, training or experience to perform the same, and (except the election commissioners, who shall remain subject to the provisions of existing laws) shall be appointed without regard to party affiliation or to residence at the time of appointment except as hereinafter provided.

SECT. 10 and SECT. 11, concerning approval by the civil service commission of appointments by the mayor, repealed by chapter 167, Acts of 1930.

SECT. 12. A vacancy in any office to which the provisions of section nine of this act apply, shall be filled by the mayor under the provisions of said section and pending a permanent appointment he shall designate some other head of a department or member of a board to discharge the duties of the office temporarily.

SECT. 13. Members of boards shall be appointed for the terms established by law or by ordinance. Heads of departments shall be appointed for terms of four years beginning with the first day of May of the year in which they are appointed and shall continue thereafter to hold office during the pleasure of the mayor.

SECT. 14. The mayor may remove any head of a department or member of a board (other than the election commissioners, who shall remain subject to the provisions of existing laws) by filing a written statement with the city clerk setting forth in detail the specific reasons for such removal, a copy of which shall be delivered or mailed to the person thus removed, who may make a reply in writing, which, if he desires, may be filed with the city clerk; but such reply shall not affect the action taken unless the mayor so determines. The provisions of this section shall not apply to the school committee or to any official by law appointed by the governor.

SECT. 15. The positions of assistants and secretary authorized by section twenty of chapter four hundred and forty-nine of the acts of the year eighteen hundred and ninety-five except those in the election department are hereby abolished, and except as aforesaid the said section is hereby repealed.

The civil service laws shall not apply to the appointment of the mayor's secretaries, nor of the stenographers, clerks, telephone operators and messengers connected with his office, and the mayor may remove such appointees without a hearing and without making a statement of the cause for their removal.

SECT. 16. No official of said city, except in case of extreme emergency involving the health or safety of the people or their property, shall expend intentionally in any fiscal year any sum in excess of the appropriations duly made in accordance with law, nor involve the city in any contract for the future payment of money in excess of such appropriation, except as provided in section six of this act. Any official who shall violate the provisions of this section shall be punished by imprisonment for not more than one year, or by a fine of not more than one thousand dollars, or both.

THE FINANCE COMMISSION.

SECT. 17. Within sixty days after the passage of this act the governor with the advice and consent of the council shall appoint a finance commission to consist of five persons, inhabitants of and qualified voters in the city of Boston, who shall have been such for at least three years prior to the date of their appointment, one for the term of five years, one for four years, one for three years, one for two years, and one for one year, and thereafter as the terms of office expire in each year one member for a term of five years. Vacancies in the commission shall be filled for the

unexpired term by the governor with the advice and consent of the council. The members of said commission may be removed by the governor with the advice and consent of the council for such cause as he shall deem sufficient. The chairman shall be designated by the governor. His annual salary shall be five thousand dollars, which shall be paid in monthly installments by the city of Boston. The other members shall serve without pay.

SECT. 18. It shall be the duty of the finance commission from time to time to investigate any and all matters relating to appropriations, loans, expenditures, accounts, and methods of administration affecting the city of Boston or the county of Suffolk, or any department thereof, that may appear to the commission to require investigation, and to report thereon from time to time to the mayor, the city council, the governor, or the general court. The commission shall make an annual report in January of each year to the general court.

SECT. 19. Whenever any pay roll, bill, or other claim against the city is presented to the mayor, city auditor, or the city treasurer, he shall, if the same seems to him to be of doubtful validity, excessive in amount, or otherwise contrary to the city's interest, refer it to the finance commission, which shall immediately investigate the facts and report thereon; and pending said report payment shall be withheld.

SECT. 20.* The said commission is authorized to employ such experts, counsel, and other assistants, and to incur such other expenses as it may deem necessary, and the same shall be paid by said city upon requisition by the commission, not exceeding in the aggregate in any year the sum of forty-five thousand dollars, or such additional sums as may be appropriated for the purpose by the city council and approved by the mayor. A sum sufficient to cover the salary of the chairman of the commission and the further sum of at least forty-five thousand dollars to meet the expenses as aforesaid each year shall be appropriated by said city. The commission shall have the same right to incur expenses in anticipation of its appropriation as if it were a regular department of said city.

SECT. 21. For the purpose of enabling the said commission to perform the duties and carry out the objects herein contemplated, and to enable the mayor, the city council, the governor or the general court to receive the reports and findings of said commission as a basis for such laws, ordinances, or administrative orders as may be deemed meet, the commission shall have all the powers and duties enumerated in chapter five hundred and sixty-two of the acts of the year nineteen hundred and eight and therein conferred upon the commission designated in said act; but counsel for any witness at any public hearing may ask him any pertinent question and may offer pertinent evidence through other witnesses subject to cross-examination by the commission and its counsel.

In the year nineteen hundred and eleven, and every third year thereafter, a city clerk shall be elected by a majority of the members of the city council, to hold office until the first Monday in February in the third year following his election, and thereafter until his successor has been duly chosen and qualified unless sooner removed by due process of law. The city clerk shall act as clerk of the city council established by this act.

THE CITY AUDITOR.

SECT. 23. All accounts rendered to or kept in the departments of the city of Boston or county of Suffolk shall be subject to the inspection and revision of the city auditor, and shall be rendered and kept in such form as he shall prescribe. The auditor may require any person presenting for settlement an account or claim against the city or county to make oath before him in such form as he may prescribe as to the accuracy of such account or claim. The wilful making of a false oath shall be perjury and punishable as such. The auditor may disallow and refuse to pay, in whole or in part, any claim on the ground that it is fraudulent or unlawful and in that case he shall file a written statement of his reasons for the refusal.

SECT. 24. Whenever, in response to an advertisement by any officer or board of the city or county, a bid for a contract to do work or furnish materials is sent or delivered to said officer or board, a duplicate of the same shall be furnished by the bidder to the auditor, to be kept by him and not opened until after the original bids are opened. After the original bids are opened, the auditor shall open and examine the bids submitted to him, and shall compare the same with the original bids. In case any of the bids submitted to the auditor differ from the corresponding original bids, those submitted to the auditor shall be treated as the original bids. The contract shall not be awarded until after both sets of bids are opened.

SECT. 25. The auditor shall furnish monthly to each head of department a statement of the unexpended balance of the appropriation for that department, and he shall furnish to the mayor and city council a statement of the unexpended balances of all the departments. He shall furnish quarterly to the city council an itemized statement showing the amount of money expended by the mayor and the city council for contingent expenses.

Such lists shall give the names, residence by street and ward, designation, compensation, and date of election or appointment of each of said officials and employees and the date when each first entered the employ of the city or county. It shall be the duty of the city auditor to verify said lists by the pay rolls and to keep a copy of said lists open for public inspection, and to prepare and publish in the City Record, in the year nineteen hundred and thirty-nine and annually thereafter, a comparative table containing the number of such officials and employees holding office or employed in each such department or board and paid by the city or county on the first day of January in each of the ten years next preceding such publication; and, in addition, in each of the years nineteen hundred and thirty-eight to nineteen hundred and forty-three, inclusive, he shall prepare and publish in the City Record a comparative table showing the number of such officials and employees holding office or employed in each such department or board and paid by the city or county on the first day of June in each of the ten years next preceding such publication. Each such comparative table of the number of such officials and employees paid by the city or county on the first day of January, in any year, shall be so published not later than during the first week in the month of March next following; and each such comparative table of the number of such officials and employees paid by the city or county on the first day of June, in each of the years nineteen hundred and thirty-eight to nineteen hundred and forty-three, inclusive, shall be so published not later than during the first week in the month of August next following.

The proceedings of the city council and school committee together with all communications from the mayor, shall be published in the *City Record*.

SECT. 30.† Every officer or board in charge of a department in said city and every officer, board or official of the county of Suffolk having power to incur obligations on behalf of said county in cases where said obligations are to be paid for wholly from the treasury of said city, when authorized to erect a new building or to make structural changes in an existing building, shall make contracts therefor, not exceeding five, each contract to be subject to the approval of the mayor; and when about to do any work or to make any purchase, the estimated cost of which alone, or in conjunction with other similar work or purchase which might properly be included in the same contract, amounts to or exceeds one thousand dollars, shall, unless the mayor gives written authority to do otherwise, invite proposals therefor by advertisements in the *City Record*. SECT. 31. At the request of any department, and with the approval of the mayor, the board of street commissioners, in the name of the city, may take in fee for any municipal purpose, any land within the limits of the city, not already appropriated to public use. Whenever the price proposed to be paid for a lot of land for any municipal purpose is more than twenty-five per cent higher than its average assessed valuation during the previous three years, said land shall not be taken by purchase but shall be taken by right of eminent domain and paid for in the manner provided for the taking of and the payment of damages for land for highways in said city. No land shall be taken until an appropriation by loan or otherwise for the general purpose for which land is needed shall have been made by the mayor and city council by a two thirds vote of all its members; or in case of land for school purposes by the school committee and schoolhouse department in accordance with law; nor shall a price be paid in excess of the appropriation, unless a larger sum is awarded by a court of competent jurisdiction. BUDGET DEPARTMENT.

Offices, 70-72 City Hall, Sixth Floor.

[Ord. 1917, Chap. 3; Ord. 1921, Chap. 4; Ord. 1927, Chap. 3; Stat. 1930, Chap. 400; Stat. 1931, Chap. 301.]

FRANCIS X. LANG, *Budget Commissioner*. Term ends April 30, 1942.

JOHN A. SULLIVAN, *Executive Clerk*.

The Budget Department was established by ordinance in 1917. It was established as a result of the report and recommendations of a commission which had been appointed "to investigate and report upon 'the expediency of adopting a segregated form of budget for the departments for which the city makes appropriations from taxes or revenues' including the departments under the control of the mayor, the school committee and the schoolhouse department, the county departments, and the departments in charge of officials appointed by the governor." That commission was appointed pursuant to an order passed by the City Council on June 7, 1915, and approved by the Mayor on June 8, 1915. Its report was made under date of October 1, 1915.

When the Budget Department was established it was placed in charge of the Budget Commissioner. General supervision over all matters relating or incidental to the appropriations and budgets of all municipal departments, with the exception of a very few departments not directly under the control of the Mayor, was placed in the jurisdiction of the Budget Commissioner.

The Budget Commissioner, under the direction of the Mayor, prepares in segregated form the annual and all supplementary budgets to be submitted by the Mayor to the City Council. The Commissioner also prepares annually forms of estimate sheets to be used by each officer, board, commission and department, and each division of a department, for which the city appropriates money. He also prepares the form of monthly report of such officer, board, commission and department, and each division thereof, showing expenditures to date of all appropriations by item. The Budget Commissioner also reports to the Mayor on all subsequent revisions of the items in the budget.

Each department head annually on or before November first submits to the Budget Commissioner departmental budget estimates on sheets furnished by the Budget Department. The Budget Commissioner investigates and considers all such estimates in detail and confers with the several department heads concerning their estimated requirements. The Budget Commissioner thereafter establishes tentative budget allowances to each department and submits such tentative budget allowances to the Mayor, with such recommendations as the Budget Commissioner deems advisable. The Mayor, after conference with the Budget Commissioner and the several department heads, concerning the department estimates, the tentative allowances, and the recommendations of the Budget Commis-

sioner, makes final decisions on all budget allowances. The entire and formal budget is prepared by the Budget Commissioner in accordance with those decisions of the Mayor. The budget in its entirety is then submitted by the Mayor to the City Council with an appropriate explanatory message, which recommends the adoption of the budget by that body.

The City Council refers the budget to its committee on appropriations. The appropriations committee holds public hearings on the individual items of each department budget. It hears the several department heads on the details of their department budgets. The Budget Commissioner attends the hearings of the appropriations committee prepared to furnish such information and give such assistance as may be requested by the committee or the department heads.

On the completion of the hearings of the appropriations committee, that committee reports to the entire Council on the proposed budget. Thereupon the City Council acts on that report and the recommendations of its committee on appropriations. The City Council may by law decrease any item in the budget submitted to it by the Mayor, but is without power to increase any item in it. Upon the adoption of the budget by the City Council and its approval by the Mayor, the appropriations contained in the budget are established for the fiscal year ending on the December thirty-first next following its adoption and approval, which usually occur some time after the first of January in each year.

On occasions it becomes necessary during the fiscal year to transfer funds from one item to another in the budgets of the several departments. When such a transfer is deemed advisable or necessary by a department head, the department head makes a written request of the Budget Commissioner for such transfer. After consideration of such requests, the Budget Commissioner refers them to the Mayor for submission to the Council for its action. The transfers become operative only when they are adopted by the Council and approved by the Mayor.

In compliance with the provisions of Chapter 400 of the Acts of 1930, "Compensation and Classification Plans for the Officers and Employees of Suffolk County" were adopted by the City Council on April 13, 1931, and approved by the Mayor on April 15, 1931. By virtue of that statute and those "plans" and their respective amendments, the Budget Commissioner is empowered to pass upon all promotions, transfers, new appointments, and the compensation of the personnel of Suffolk County. These "plans" establish the Budget Commissioner as the Personnel Director of Suffolk County. The records required to comply with the provisions of these plans are compiled by and maintained in the Budget Department under the supervision of the Budget Commissioner. These records include, among others, an official roster of each officer and employee in the service of Suffolk County, their classification title, rate of pay, a record of each change of their status, and such other relevant information as the Budget Commissioner deems advisable for the maintenance of a proper record of the personnel of Suffolk County.

In addition to the records of the county personnel, there is also kept in the Budget Department a complete alphabetical index of the permanent personnel of the City of Boston, likewise compiled and maintained under the supervision of the Budget Commissioner.

REGULATION OF BUILDING HEIGHTS.

[Stat. 1872, Chap. 371; Stat. 1892, Chap. 419; Stat. 1896, Chap. 313; Stat. 1898, Chap. 452; Stat. 1904, Chap. 333; Stat. 1905, Chap. 383; Stat. 1907, Chap. 416; Stat. 1914, Chap. 786; Stat. 1915, Chap. 333; Stat. 1923, Chap. 462; Stat. 1924, Chap. 488; Stat. 1928, Chap. 137; Stat. 1936, Chap. 60.]

Following the Great Fire in Boston which occurred on November 9 and 10, 1872, a special session of the Legislature was called to consider questions growing out of the calamity and to enact such measures as were appropriate for the protection and rebuilding of the city. This resulted in an amendment to the Building Law of 1871 establishing a maximum height limit of 75 feet, which was amended the following year to 80 feet, providing further that additional height might be added if the same were constructed in a fireproof manner.

In 1892, Chapter 419 provided for a maximum height limit of 125 feet, with a further restriction to two and one-half times the width of the widest street or square on which such building stood.

Authority to limit building heights to 70 feet within 25 feet of a parkway, boulevard or public way bordering on a park was granted under the provisions of a General Law, Chapter 313 of the Acts of 1896, and accepted by the city of Boston in May of the same year. This Law carried with it provision for damages and is one of the few instances in the city of Boston of the limitation of building heights through the exercise of eminent domain. For the most part restrictions are adopted under the police power.

Chapter 333 of the Acts of 1904 provided for the appointment of a Commission authorized to divide the city of Boston into two districts;

A, in which the greater part of the buildings situated therein was used for business or commercial purposes, restricted to a height of not more than 125 feet, and B, in which the greater part of the buildings situated therein was used for residential purposes, restricted in height to 80 feet.

The boundaries of the A and B Districts as thus established continued in effect until the appointment of a similar Commission under the provisions of Chapter 333 of the Acts of 1915, this second Commission being authorized to revise the boundaries but not to increase the maximum height limits. The result was that the boundaries of District A were considerably enlarged.

In the meantime, Chapter 383 of the Acts of 1905 provided that buildings may be erected in the 80-foot district on streets exceeding 64 feet in width to a height equal to one and one-half times the width of the street upon which the building stands, but not exceeding 100 feet in any event, a modification which remains in effect at the present time.

Chapter 462 of the Acts of the year 1923 amended previous legislation and established a maximum height limit of 155 feet, further making provision for the erection of buildings to a height greater than two and one-half times the width of the street, but not exceeding 155 feet if the external wall of a height greater than two and one-half times the width of the street shall be set back from the vertical face of the building in the ratio of one foot horizontally for each two and one-half feet vertically. Further regulations were also established for buildings on a narrower street near its intersection with a wider street.

Chapter 488 of the Acts of the year 1924, the Boston Zoning Law, divides the city into 35, 40, 65, 80 and 155 foot districts, as shown on a map prepared by the Boston City Planning Board, and filed in the office of the State Secretary, each of the aforesaid districts carrying with them in addition to height limitations certain restrictions with regard to the bulk of buildings, the area of yards and other open spaces and the percentage of lot occupancy. Flexibility in the administration of the Zoning Plan is assured through the Board of Appeal, which is authorized to vary the provisions of the Law, and through the Board of Zoning Adjustment which is authorized to change the boundary lines of the zoning districts, under certain given conditions.

According to an opinion handed down by the Supreme Judicial Court on March 2, 1926 (Grenville H. Norcross and another, Trustee and others, versus the Board of Appeal of the City of Boston), Districts A and B as territorial divisions regulating height of buildings, established in accordance with earlier statutes, no longer exist in view of the general scope and detailed provisions of the aforesaid Zoning Law.

Chapter 137, Acts of 1928, permits the erection of "pyramidal" buildings, so called. A good example is the United Shoe Machinery building located at the corner of Federal and High Streets.

Special legislation passed in 1936 (Statutes of 1936, Chapter 60) allows the erection of the additional unit to the Suffolk County court house to a height not exceeding three hundred feet.

CHAPTER 137, ACTS OF 1928.

AN ACT RELATIVE TO THE HEIGHT OF BUILDINGS IN THE CITY OF BOSTON.
Be it enacted, etc., as follows:

SECTION 1. Section eighteen of chapter five hundred and fifty of the acts of nineteen hundred and seven, as amended by section eleven of chapter four hundred and sixty-two of the acts of nineteen hundred and twenty-three, is hereby further amended by adding at the end thereof the following new paragraph:

Notwithstanding those provisions of this section which relate to a maximum height limit of one hundred and fifty-five feet, on a lot on which a building one hundred and fifty-five feet in height is permitted, part of a building or structure may exceed such height provided the *volume* of such building or structure does not exceed the number of square feet of *buildable area* of the lot multiplied by one hundred and fifty-five feet, and provided further that every part of such building or structure above a height equal to two and one half times the effective width of the street but not exceeding one hundred and twenty-five feet shall set back from every street and lot line one foot for each two and a half feet of additional height.

SECTION 2. Section fifteen of chapter four hundred and eighty-eight of the acts of nineteen hundred and twenty-four is hereby amended by striking out the second paragraph of said section, entitled "*Height*," and inserting in place thereof the following new paragraph:

Height: No building shall exceed the height limit established by section eighteen of chapter five hundred and fifty of the acts of nineteen hundred and seven, as amended. *Approved March 19, 1928.*

* * * * *

There have been, in addition, a number of laws enacted which operated indirectly as to height limits in the City of Boston, including special restrictions in the vicinity of Copley Square and the Public Library; the State House; Rutherford Avenue, between Chapman Street and the Mystic River tracks of the Boston and Maine Railroad; Washington Street, Lovering Place, Harrison Avenue and Asylum Street; and the property occupied by the Mechanic Arts High School on Dalton, Belvidere and Scotia Streets. So far as these special restrictions are concerned, the Zoning Law particularly specifies that it shall not interfere with, abrogate, annul, or repeal any statute previously enacted relating to the use of buildings or premises, provided, however, that where the zoning act imposes a greater restriction upon the use of buildings or premises or upon the height of buildings, the provisions of such act shall control.

Assessments upon estates benefited by new sewers are not levied by the Public Works Department, but by the Board of Street Commissioners who also award damages for land-takings made for sewer construction. The assessment upon the several estates for a new sewer is limited to \$4 per

linear foot, and it is a lien upon the property. An Act of the Legislature prohibits the assessment in similar cases of the cost of surface drains.

In the calendar year 1939, there were built by contractors, day labor, private parties, and under P. W. A. and W. P. A. supervision, 8.36 miles of sanitary sewers and surface drains, and 212 catch-basins, making on January 1, 1940, a total of 1,234.00 miles of common and intercepting sewers and 22,049 catch-basins in charge of the Sewer Division.

The Boston Main Drainage System, comprising 24.12 miles of intercepting sewers, with a pumping station at Old Harbor Point, and storage reservoirs and outlet into the harbor at Moon Island, in operation since 1884, takes care of the sewage from City Proper, South Boston, and parts of Roxbury, West Roxbury and Dorchester.

The common sewer system has two electrically-operated automatic pumping stations. The station at Union Park and Albany streets was built in 1915 to relieve floodings in the South End district of Boston, by pumping and discharging the surplus storm water flow into the South Bay.

The station at Summer street, opposite E street, was built in 1913, and takes care of the sewage from the Commonwealth Pier district, and the Army and Navy Bases.

Charlestown and East Boston sewage discharges into the main North Metropolitan System of the State, which discharges into the harbor waters just south of Deer Island.

Sewage from all of Brighton, a portion of the Back Bay and a small part of Roxbury, discharges into the South Metropolitan System, is lifted by pumping at the Ward street pumping station, then flows through the main sewer, which also drains by gravity portions of West Roxbury and Dorchester and all of Hyde Park, finally outletting into Quincy Bay at Nut Island.

WATER DIVISION.

Office, 607 City Hall Annex.

DANIEL M. SULLIVAN, *Division Engineer.*

Under the control of the Division Engineer are the care and maintenance of all pipes and other fixtures and appliances for the purpose of the City's water supply, and all water assessments and other charges necessary for the maintenance of the Division.

The total length of supply and distributing water main on December 31, 1939, was 997.969 miles; number of fire hydrants, 11,823 public, including 505 high pressure, 382 private; number of meters now in service, 101,284.

The first water document published by the City of Boston appeared in 1825. In addition to the annual reports of the Cochituate supply, from 1850, and of the Mystic supply, from 1866, there are numerous special reports. By chapter 449, Acts of 1895, the Boston Water Board, the Water Income Department and the Water Registrar were abolished and the Water Department created, a single commissioner being entrusted with all the powers previously exercised by the Boston Water Board and the Boston Water Registrar.

A State commission, the Metropolitan Water Board, took possession, in 1898, of all that part of the Boston water system lying westward of Chestnut Hill Reservoir, also the pumping station there, with adjacent lands. The sum paid to the City was \$12,531,000. Payments to the State by the City for its supply of water have been regularly made since 1898. Total available quantity of water in the nine storage reservoirs of the Metropolitan system on January 1, 1940, 41,574,280,000 gallons, of which about 83 per cent (30,877,120,000 gallons) was in the Wachusett Reservoir in Clinton, 32 miles west of Boston, an artificial lake, 4,135 acres in surface and area and added to the system in 1905. There are also thirteen distribution reservoirs with capacity of 2,402,680,000 gallons, six pumping stations being connected with these, in which stations 23,400,878,434 gallons of water were pumped during the year 1939. In the existing Metropolitan Water District are nine cities, besides Boston, and ten towns. Boston takes about 65 per cent of the entire water supply of the District.

The daily average amount of water used in Boston in 1939 was 90,895,700 gallons, or 107 gallons per capita.

HIGH PRESSURE FIRE SERVICE.

By the provisions of Chapter 312, Acts of 1911, the Commissioner of Public Works was authorized to install an efficient system of high pressure fire service for the business center of the City. The work completed, including the old salt-water fireboat line installed in 1898, comprises 18.71 miles of pipe with 505 hydrants. Total expenditure for installation of system to December 31, 1939, was \$2,599,379.45. Two pumping stations are now in use.

BOARD OF STREET COMMISSIONERS.

JOHN A. DONOGHUE, <i>Chairman</i> .	Term ends in 1942.
THOMAS A. FITZGERALD.	Term ends in 1943.
WILLIAM F. HIGGINS.	Term ends in 1941.

 CORNELIUS A. REARDON, *Secretary*.

 WILLIAM J. SULLIVAN, *Chief Engineer*.

 ARTHUR N. COLMAN, *Assistant Chief Engineer*.

The Board of Street Commissioners consists of three members, one of whom is elected by them to be Chairman. One member is appointed by the Mayor each year to serve for three years from the first Monday in January. The Board has jurisdiction over the laying-out, widening, relocation and discontinuance of highways; the taking of real property for municipal purposes; the levying of assessments for betterments resulting from the construction of streets or sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuance of licenses for the keeping, storage, manufacture and sale of gasoline, oil, and other inflammable substances or explosive compounds; and the use of public ways for any permanent or temporary obstruction or projection in, under, or over

the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes; signs, marquees, bay windows, coal-holes and vaults. Incidental to its powers to take lands and construct streets, it has authority to award compensation to land owners for damages resulting from such taking and construction. In certain instances its awards and its grants of licenses or permits must bear the approval of the Mayor.

In 1895 the duties of the Board of Survey were transferred to the Board of Street Commissioners. In 1907 the Board of Street Commissioners was charged with the licensing of street stands for the storage or sale of merchandise. In 1909, by Section 28 of the City Charter (Acts of 1909, Chapter 486 and amendments thereto) the jurisdiction previously exercised by the Board of Aldermen concerning the naming of streets, the planting and removal of trees in public ways, the issue of permits or licenses for coasting, the storage of gasoline, oil and other inflammable substances or explosive compounds and the use of public ways for any permanent or temporary obstruction or projection in, under, or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, was vested in the Board of Street Commissioners, to be exercised with the approval in writing by the Mayor, and the Mayor and City Council were given authority to fix by ordinance the terms by way of cash payment, rent, or otherwise, upon which permits or licenses for the storage of gasoline or oil or inflammable substances or explosive compounds and the construction or use of coal-holes, vaults, bay windows, signs and marquees, in, under, or over the public ways shall be issued. The fees for licenses or permits to sell or store inflammables or explosives are collected by the Board of Street Commissioners upon their original issuance of such licenses. Thereafter, an annual renewal fee for such licenses, which is one half of the original fee, is collected by the Fire Department. The fees for licenses or permits to maintain obstructions or projections in, under, or over the streets are collected by the Board of Street Commissioners.

In 1913 the Board of Street Commissioners was granted authority to issue permits for the erection of garages.

By virtue of Section 1 of Chapter 33 of the Revised Ordinances of 1925, the Board of Street Commissioners is charged with the care and maintenance of all land and buildings belonging to the city and not used for specific purposes.

In 1927, by authority of, and in conformity with, Section 8 of Chapter 85 of the General Laws (1921), the Board of Street Commissioners adopted "Rules and Regulations Relating to Projections in, on or over Public Highways," amending and revising all its pre-existing rules and regulations concerning such projections. The penalty for violation of these Regulations is a fine not exceeding five dollars for each day that the violation continues, after five days' notice given by the Board of Street Commissioners to the violator.

In 1930 (by Chapter 399 of the Acts of 1930) the jurisdiction of the Board of Street Commissioners as to the storage and sale of gasoline, oil, and other inflammables or explosives was amplified and its jurisdiction extended to include the licensing and regulation of open-air parking spaces.

In 1908 the Board of Street Commissioners was charged with the regulation of pedestrian and vehicular traffic. In 1929 (by Chapter 263 of the Acts of 1929) jurisdiction over the regulation of traffic was transferred from the Board of Street Commissioners to the Boston Traffic Commission.

In 1929, also, the Board of Street Commissioners was granted authority (by Chapter 187 of the Acts of 1929) to license the holding of religious meetings, political meetings or rallies in public ways. That Act was, however, repealed by Chapter 173 of the Acts of 1931.

For the eighty-six elementary and intermediate school districts there is one supervising nurse in charge of four assistant supervising nurses, one nurse assigned to the certificating office, and 60 school nurses.

PHYSICAL EDUCATION.

In 1907, the School Committee was authorized to provide for the extension of physical education and recreation of pupils, including proper apparatus and facilities in the buildings, yards and playgrounds under their control.

The School Committee appropriates, out of the tax levy, for this branch of education such amount as it deems necessary. The Committee has also the right to appropriate the unexpended balance of the previous year, plus the estimated income for the current year. The appropriation for 1940 is \$253,730.93. The cost of Military Drill is not charged against the appropriation for Physical Education.

The Department of Physical Education comprises one director, one associate director, one supervisor-in-charge of playgrounds, 15 instructors of military drill, two armorers, 42 women instructors of physical education, 14 teacher coaches of athletics, and seven supervisors of playgrounds, assisting in the direction of approximately five hundred playground teachers assigned for different seasons. INDUSTRIAL SCHOOLS PARTLY MAINTAINED BY STATE.

By Chapter 471, Acts of 1911, and Chapter 106, Acts of 1912, the State especially encourages the establishing of Independent Industrial Schools, allowing financial aid for their maintenance proportionate to the amount raised by local taxation and expended for all public schools. Under this arrangement the School Committee is reimbursed by the State to the extent of one half the net maintenance cost of such industrial schools established in Boston thus far with the approval of the State Board of Education. By Chapter 805, Acts of 1913, Continuation Schools, for employed children between fourteen and sixteen years of age, were included under the same plan of State aid. USE OF SCHOOLHOUSES FOR EDUCATIONAL, SOCIAL AND CIVIC PURPOSES

In 1912, the School Committee were authorized by statute to allow the use of buildings under their control by associations and individuals (other than school pupils) for educational, recreative, social, civic, philanthropic and similar purposes at times when the schools were not in session. Under this arrangement there are now fourteen School Centers, each having a manager and largely attended on two evenings and one afternoon a week. More than 75 school buildings are also used by Non-School Center groups.

The School Committee may annually appropriate for this purpose such amount as it deems necessary. In addition, the income from rents of school buildings and any balance unexpended the preceding year are available. The appropriation for 1940 is \$74,860.58. Besides the renting of school halls for club meetings, entertainments, etc., basements and other accommodations in schoolhouses are used by the Election Department as polling places, lighting and janitor service being paid for by the Election Department.

The School Committee, by a majority vote of all its members, may retire with a pension any member of the teaching or supervising staff of the public day schools who has reached the age of sixty-five years, also

such other members as are incapacitated for further efficient service. If the teacher retired has been employed in the public day schools for a period of thirty years or more, ten years of which have been in the Boston public day schools, the pension paid amounts to one-third of the annual salary received at time of retirement, but in no case is it less than \$312, nor more than \$600 annually. If the period of service is less than thirty years, the pension is proportionally less. The School Committee is authorized to provide for these pensions by appropriating annually such amount as it deems necessary, which together with the unexpended balance of the previous year and the amount of reimbursement from the Commonwealth, will pay pensions for the year. These pensions are paid to teachers who were retired before the establishment of the Boston Retirement System or who have not become members of such system. The Permanent School Pension Fund amounted to \$1,412,353.05 on January 1, 1940, and 280 retired teachers were receiving pensions therefrom.

The Boston Teachers' Retirement Fund Association, started in 1900, is paying \$120 per year to 428 annuitants, the total amount of its fund on October 1, 1939, being \$1,965,038.43. At that date 3,627 teachers were each contributing \$18 per year to this fund.

The Board of Police for the City of Boston, established in 1885, was superseded in 1906 by a single executive, the Police Commissioner.

The City is divided into seventeen Police Divisions, in each of which is a station house, the quarters of a captain and a force of men.

The Bureau of Criminal Investigation, a central detective agency of the Department, located in Headquarters building, and consisting of several subdivisions, is operated on a large scale. Members of this Bureau investigate every felony committed within the jurisdiction of the City of Boston. In addition to its divisions for investigation of automobiles stolen, lost and stolen property, homicide investigations and the line-up,—squads are assigned to cover the following phases of police work and investigation: Arson, banking, express thieves, fraudulent claims, general investigation, hotels, narcotic, pawnbrokers, pickpocket, radical, shopping, and sex crimes. A night motor patrol squad performs duty throughout the city, to prevent, so far as possible, the commission

of crime, and if acts of violence or other serious crimes have been committed, to arrest and prosecute the offenders. The Bureau also handles cases of fugitives from justice and conducts hundreds of investigations during the course of a year for various police departments throughout the United States and foreign countries. Further, it cooperates in every possible way with outside police departments in the investigation of crime and prosecution of criminals. Supervision of the daily line-up of all prisoners arrested for serious offenses is conducted by this Bureau.

The Bureau of Records, established at Headquarters, includes within its activities a former part of the Bureau of Criminal Investigation, known as the Criminal Identification Division.

The unit is of great value and stands in favorable comparison with identification units of the most advanced departments.

Advancements and changes are constantly being made to maintain the efficiency and to increase its worth. To bring about this efficiency of service, equipment of the Bureau is continually being augmented by addition of modern identification apparatus.

The files of the Bureau of Records contain records of all assignments made in the Bureau of Criminal Investigation, and all records of arrests made throughout the Department. On file, also, are reports of all felonies committed within the city and all reports of the investigation of these felonies.

The Bureau of Operations supervises the development and maintenance of the system of operations of the Department, including police broadcasting station "WQIP," located at Police Headquarters, and police broadcasting station "WRAS," located on the roof of the new Courthouse Building, Pemberton square; the latter station being operated by remote control from the Bureau of Operations at Police Headquarters.

These broadcasting stations insure speedy response to a call for police assistance and render possible speedy dissemination of information and quick concentration of necessary police power at a point where needed.

The Boston Police Department is completely equipped with modern two-way radio. There are 78 police cars, four police boats, and four combination patrol wagons and ambulances, fully equipped with two-way radio telephone. Police automobiles with two-way radio are moving through all parts of the city day and night. Any part of the city may be reached by a police radio car in a very few moments after receipt of a radio message from either the broadcasting station at Headquarters, "WQIP," or from the station upon top of the New Courthouse Building, "WRAS."

The radio has been a very important factor in the prompt apprehension of law violators as well as increasing the number of arrests. In many instances, the offenders have been taken into custody while in the act of committing crime.

The Traffic Division is located in the Police Building, 229 Milk street. Its commanding officer is responsible for proper regulation of traffic conditions and for safety of the public using the highways from 8 A. M. to 12 o'clock midnight, within the in-town and Back Bay sections of the city.

The Property Clerk's Office is charged with the care of all lost, stolen and abandoned property, money or other property alleged to have been illegally obtained, and all articles and property taken from persons arrested for any cause. In its custody are also placed all seized liquor and gaming implements which come into possession of the Department.

All orders for supplies, building maintenance, repair work, plumbing, steamfitting, etc., uniforms and equipment are issued by this office.

The Headquarters of the Department is located at 154 Berkeley street, corner of Stuart street.

The Commissioner appoints a Harbor Master and assistants from the police force, and they receive pay in accordance with their rank in the force. The following motor launches are used in this service: the "Michael H. Crowley," a 60-foot craft; the "William H. Pierce" and the "William H. McShane," both 38-foot crafts; the "Argus," a 28-foot craft; and a 22-foot motor speed boat, named the "Despatch."

By Chapter 114, Acts of 1921, as amended, the annual listing of residents includes all women 20 years of age and over, in addition to the men.

On August 30, 1940, the police force numbered 2,218; consisting of 1 superintendent, 5 deputy superintendents, 26 captains, 62 lieutenants 3 lieutenant-inspectors, 176 sergeants, 1,940 patrolmen, and 5 policewomen.

There are 16 men assigned to the signal service, whose director has charge of 562 signal boxes.

Salaries: Superintendent, \$7,000; deputy superintendents, \$4,500; captains, \$4,000; lieutenants and lieutenant-inspectors, \$2,700; sergeants, \$2,500; patrolmen, \$1,600 first year and \$100 increase each year until \$2,100 (maximum) is reached. Two hundred dollars additional salary annually to officer who serves as "aide to Police Commissioner." Uniforms and equipment are free.

The Licensing Board for the City of Boston was established by Statutes of 1906, Chapter 291. It consists of three members appointed by the Governor, with the advice and consent of the Council. They must be citizens of Boston who have resided in Boston for at least two years preceding the date of their appointment. The two principal parties must be represented and the term of the members is fixed at six years after the first appointment, which was for six, four, and two years. The Board was created to exercise all the powers and perform all the duties conferred upon the Board of Police of the City of Boston relative to intoxicating

liquors (now called alcoholic beverages), innholders, common victuallers, billiard and pool tables, sippio tables, bowling alleys, intelligence offices, picnic groves, and skating rinks.

The fee fixed by Section 202 of Chapter 140 of the General Laws is not less than \$2 for each class of license, with the exception of licenses for common victuallers and innholders. The fees for common victualler and innholder licenses were fixed by Section 2, Chapter 140, of the General Laws, at not more than \$5 for each license. By statutory authority the City Council has fixed the fee of \$7.50 for common victuallers and \$25 for innholders without alcoholic beverages; with alcoholic beverages, innholder's fee is \$7.50.

By Statutes of 1909, Chap. 423, the Board was given the right to issue licenses to "Sunday dealers in ice cream, or confectionery, or soda water or fruit," the fee for such licenses not to exceed \$5.

By Statutes of 1918, Chap. 259, the Board was granted the right to issue licenses to lodging houses. No fee was to be charged. By Statutes of 1921, Chap. 59, a fee of not more than \$2 was allowed, if established by the City Council. The Council established the fee at \$2 in 1922.

By Statutes of 1922, Chap. 392, the Board was given the right to license "retail vendors of soft drinks." The fee for such license was not to exceed \$1. By statutory authority the City Council has fixed the fee of \$2 for such license.

By Statutes of 1922, Chap. 485, the "firearm" law was amended, giving the licensing of vendors of firearms to this Board. The law relates to the renting, selling or leasing of firearms, and the word firearms includes a pistol, revolver or other weapon from which a shot or bullet can be discharged, and of which the length of barrel not including any revolving, detachable or magazine breach does not exceed twelve inches, and a machine gun irrespective of the length of the barrel. It does not include antique firearms incapable of use, nor sales of firearms at wholesale. The fee for such license to be fixed by the Board.

By Statutes of 1926, Chap. 299, the Board was given the right to grant entertainment licenses in places where such entertainment was carried on in conjunction with sale for cash of food or drink. No fee was to be charged to common victuallers and innholders carrying on such entertainment, but a fee of \$5 could be charged to persons selling drinks who carried on an entertainment. Entertainments consist of dancing, music, cabaret, or amusements.

By Chapter 284 of the Acts of 1933, the Board was given authority to grant victuallers' licenses to clubs, societies, associations or other organizations which dispense food and beverages on their premises, to their stockholders or members and their guests and to none others.

By Chapter 376 of the Acts of 1933, now Chapter 138 of the General Laws, the Board was given the authority to issue alcoholic beverage licenses to common victuallers, innholders, taverns, clubs and retail bottle stores, and to suspend or revoke the same after a hearing.

NOTE: Chapter 120 of the Acts of 1933, which gave the Board authority to issue non-alcoholic beverage licenses containing not more than 3.2 per cent of alcohol, was repealed when the new alcoholic law (Chap. 376) was enacted. Any 3.2 licensee could carry on his business until May 1, 1934, or could surrender his license and get a refund, or a credit on the fee paid for an alcoholic beverage license.

FRANKLIN UNION TECHNICAL INSTITUTE, Corner Appleton and Berkeley
Streets.

BRACKETT K. THOROGOOD, *Director*.

The Franklin Foundation is incorporated under Chapter 569 of the Acts of 1908, a board of twelve citizens being named therein as Managers of the Franklin Fund and having the standing of a City department with the object of maintaining the Franklin Union as an independent technical institute for adults.

The Franklin Fund is the proceeds of a bequest of one thousand pounds to "the Inhabitants of the Town of Boston in Massachusetts" made by Benjamin Franklin, in a codicil to his will dated June 23, 1789. The codicil provided that the fund "if accepted by the inhabitants of the Town of Boston" be managed "under the direction of the Selectmen, united with the Minister of the oldest Episcopalian, Congregational, and Presbyterian Churches in that Town," who were to make loans on certain conditions to "young married artificers under the age of twenty-five years."

Dr. Franklin, who died April 17, 1790, calculated that, in one hundred years, the thousand pounds would grow to £131,000, "of which," he says,

* The Managers serve without compensation.

"I would have the managers then lay out at their discretion £100,000 in Public Works which may be judged of most general utility to the Inhabitants. The remaining £31,000, I would have continued to be let out on interest for another hundred years. At the end of this second term, if no unfortunate accident has prevented the operation, the sum will be £4,061,000, of which I leave £1,061,000 to the Town of Boston, and £3,000,000 to the disposition of the Government of the State, not presuming to carry my views farther." The Town accepted the donation at a Town Meeting held June 1, 1790.

A futile suit brought by the Franklin heirs in 1891 prevented the division of the fund at the expiration of one hundred years; but on January 17, 1894, by direction of the three ministers and the Board of Aldermen of the City, which board claimed to be the successors of the "Selectmen," \$329,300.48 ($\frac{1}{31}$ of the fund) was paid to the City Treasurer, for "the purchase of land and the erection thereon of the Franklin Trades School and for the equipment of the same." Owing to a series of complications the money remained in the custody of the Treasurer. Mayor Collins, in 1902, caused a petition of the City to be filed in the Supreme Court, praying for instructions as to the authority of the persons then acting as Managers of the fund. The Court rendered an opinion November 25, 1903 (184 Mass. 373, page 43), to the effect that the three ministers were Managers of the fund under Franklin's will, but that the Aldermen did not succeed the "Selectmen" as Managers and had no powers with reference to it. The Court, under its general power to care for public charitable funds, appointed, on March 16, 1904, a Board of Managers to take the place of the "Selectmen," and provided in the decree of the Court, that the Mayor of Boston should be one, *ex officio*.

On December 2, 1905, the City Treasurer received from Mr. Andrew Carnegie \$408,396.48, said sum being equal to the amount of the Franklin Fund in August, 1904, which Mr. Carnegie agreed to duplicate. Only the annual income from this fund is used.

On November 17, 1927, \$100,000 was received by the Foundation from the estate of the late James J. Storrow, the income to be used for maintenance of Franklin Union.

On January 31, 1907, the amount of the "accumulated" fund available for expenditure by the Managers was \$438,741.89, and in that year the Franklin Union Building was erected at the corner of Appleton and Berkeley Streets. It was opened in September, 1908, for the use of Franklin Union, a technical institute, which trains young men and women for positions of supervision in industry. This is maintained partly by tuition fees and rents (\$79,232.06 for the school year 1939-1940), including the income from the above mentioned Franklin Fund (*i. e.* the Andrew Carnegie Donation) and the Storrow bequest. The building contains 14 classrooms, 7 draughting rooms, and 10 shops and laboratories, where 1,338 adult students received instruction at evening sessions and 116 in day courses during the school year 1939-1940. There is also a technical

and scientific library, and a large hall with a seating capacity of 927. The building, with equipment, cost \$436,970.59. The site, containing about 16,000 square feet, was purchased in 1906 for \$100,000, a 20-year loan being issued to cover same.

The Franklin Fund (Second Part) will become available in 1991.

GEORGE ROBERT WHITE FUND.

Office, 45 City Hall.

The late George Robert White, who died in Boston, January 27, 1922, left the residue of his estate to the City of Boston to be held as a permanent charitable trust fund, "the net income only to be used for creating works of public utility and beauty, for the use and enjoyment of the inhabitants of the City of Boston."

The control and management of the fund is in the hands of a board of five trustees, consisting of the Mayor as Chairman, the President of the City Council, the City Auditor, the President of the Boston Chamber of Commerce and the President of the Bar Association of the City of Boston.

At a meeting of the Trustees held on Tuesday, April 5, 1938, it was unanimously voted that the services of a paid Manager be engaged. In accordance with this vote the custody, care, control and management of all real estate constituting a part of the George Robert White Fund is now in the hands of Joseph F. O'Connell; all legal matters are attended to by the Corporation Counsel; all financial disbursements and investments are in the hands of the City Treasurer; all collections and receipts are handled by the City Collector; and the examination of all bills and demands rendered against the Fund, together with the approval of all expenditures and the auditing of all accounts, rests with the City Auditor.

Health Units have been provided at Baldwin Place and North Margin Street in the North End, at Paris and Emmons Streets, East Boston, at Dorchester and West Fourth Streets, South Boston, at Blue Hill Avenue and Savin Street, Roxbury, at High and Elm Streets, Charlestown, at Blossom and Parkman Streets, West End, and at Whittier and Hampshire Streets, Roxbury, in the hope of being able, by proper instruction, to better the living and health conditions of the communities in the congested districts.

A Prado has been established at Hanover and Unity Streets in the North End, to provide an open air space for the residents of the North End. In 1935, the Trustees voted to change the name of the Prado to Paul Revere Mall.

The Authority presently operates Old Harbor Village, a low-rent housing project in South Boston, under lease arrangement with the United States Housing Authority.

In addition to this, it is developing four new low-rent housing projects located in South Boston, Charlestown, and the Mission Hill and Lenox Street areas of Roxbury, all of which will be completed and ready for occupancy in the Spring of 1941.

It is proposed to develop four additional projects to be located in the Orchard Park District of Roxbury, the South End, the Heath Street section of Roxbury, and East Boston.

The total estimated development cost of the eight projects will be approximately \$32,000,000.

ARNO K. DREW (Appointed by the Governor), *Secretary*.

FREDERICK R. SULLIVAN, Sheriff of Suffolk County.

The Commission chooses its own Chairman and its own Secretary. Its members receive no compensation for their services.

The Commission was established by Special Act of the Legislature, for the care, custody and control of the Suffolk County Court House, and is required to appoint a Custodian and such other officers as it may deem necessary for the proper operation of the building, and to determine their term or terms of service.

The Commission succeeded to the authority given to the Sheriff of Suffolk County over the Suffolk County Court House, in Chapter 525 of the Acts of 1922, and took over the management and control of the Court House upon its completion during 1939, by the Special Commission created under Chapter 474 of the Acts of 1935 for providing additional accommodations and facilities for the Suffolk County Court House.

The new thirty per cent contribution by the Commonwealth to the annual costs and charges of maintenance and operation of the Court House began in the calendar year 1939 when the additional Court House enlargements and improvements, made under authority of Chapter 474 of the Acts of 1935, were substantially completed and in actual use, the remaining seventy per cent continuing to be paid by the City of Boston. While the Commonwealth now pays thirty per cent of the operating costs of the Court House, it has taken no part in its operations, other than the exercise of its authority in the make up of the Commission in charge.
